Hotel Družba, Jasná, Slovakia

6th PANNONIA CONGRESS OF PATHOLOGY

13-16 May 2020, Jasná - Nízke Tatry / Jasná - Low Tatras, Slovensko/Slovakia

The Slovak Society of Pathology and The Slovak Division of the International Academy (IAP) of Pathology in cooperation with the Comenius University Jessenius Medical Faculty in Martin are honored to host the **6th Pannonia Congress of Pathology**.

The Pannonia congresses are organized every other year by the national pathology societies and/or the national divisions of the IAP of Austria, Czechia, Croatia, Hungary, Slovakia and Slovenia. The congresses became important regional meetings of pathologists in central Europe. In 2020, ten years after the 1st Pannonia Congress hosted in 2010 in Graz, we expect more than 200 pathologists from these countries and from the broader region as well.

It is my honour and personal pleasure to invite you to attend the 6th Pannonia congress organized under auspices of the Dean of Comenius University Jessenius Medical Faculty in Martin Prof. Andrea Čalkovská, M.D., DSc.

PRECONGRESS MEETINGS

Pulmonary pathology
Pathology of GI tract

MAIN TOPICS

Hematopathology
Pathology of the hepato biliary tract
Molecular Pathology

We are looking forward to welcome you in Jasná – Nízke Tatry

On behalf of the organizers

Professor Lukáš Plank
Organizing Chair for the Local
Organizing Committee
